

Roseville Community Charter School is a new, k-8 charter school with a college prep focus for the students of Newark, New Jersey. Our mission is to prepare students for academic excellence in high school, college, and beyond. We believe that by focusing on character development and holding all students to the highest academic and behavioral expectations within a nurturing and disciplined environment, we can prepare students to thrive.

Roseville Community Charter School will ensure that **every** student is prepared to meet the rigorous demands of a college education by building a solid foundation in literacy and math, cultivating strong character, and using data-driven instruction to drive dramatic achievement gains. With two teachers in every class, extended literacy and math blocks, and an extended school day and year, students at Roseville Community Charter School will receive the increased time and support necessary to achieve outstanding academic results.

What We Believe:

- All students can achieve academic excellence when nurtured in a supportive, engaging, and disciplined environment.
- A solid foundation in literacy and math is a prerequisite for academic excellence.
- Excellent teachers are essential to effective instruction.
- Data-driven instruction improves instruction and leads to dramatic gains in student achievement.

JOIN OUR TEAM!!!
