

National Academy of Education/Spencer Dissertation Fellowship Program in Education Research

The NAEd/Spencer Dissertation Fellowship Program seeks to encourage a new generation of scholars from a wide range of disciplines and professional fields to undertake research relevant to the improvement of education. These \$27,500 fellowships support individuals whose dissertations show potential for bringing fresh and constructive perspectives to the history, theory, or practice of formal or informal education anywhere in the world. Fellows will also attend professional development retreats and receive mentorship from NAEd members and other senior scholars in their field. This highly competitive program aims to identify the most talented emerging researchers conducting dissertation research related to education. The Dissertation Fellowship program receives many more applications than it can fund. This year, up to 600 applications are anticipated and up to 35 fellowships will be awarded. Additional guidelines and the fellowship application form are available on our website.
